

GENERAL MAINTENANCE

While Write-Off® non-woven products are inherently stain-resistant, it is important to keep it clean at all times to maintain the original look and feel. Spot cleaning with a clean, soft towel with clean water will remove most of the everyday stains.

Cleaning Code: WS

DISINFECTION

Architex Write-Off non-woven patterns can be disinfected with product specified bleach dilution of water/bleach. Allow the mixture to linger for the time specified by the Center for Disease Control and Prevention.

Rinse all cleaning agents thoroughly with water and wipe with a soft cloth.

Residue left by cleaning agents will degrade and shorten the life and/or affect the product's appearance if not removed.

APPROVED DISINFECTANT CLEANERS

Please refer to each item's listing in the cleaning section of its product page on the website.

Patterns are tested and may be approved for the following families of healthcare cleaners: Acid-based, Alcohol-based, Bleach-based, Peroxide-based, Phenolic-based, Quaternary-based or UV-C light.

**The cleaning recommendations above are just a guide and intended to help the maintenance of the specified product. Architex neither guarantees, nor will take any responsibility for the specific results, as testing of these products was conducted under laboratory conditions and results may vary under actual conditions.*

**Architex is not liable for any intentional stains, and the damage resulting from lack of cleaning, the misuse of the cleaning agents, or the use of inappropriate cleaning agents for the product. Under no circumstance, shall Architex be liable for any incidental, consequential, or other damage resulting from negligence, misuse, mishandling or exposure to any of the chemicals used in conjunction with the cleaning/ maintenance of the product.*
